

KANAK OHDAR

AI & Machine Learning | Generative AI | Data Science | Learning & Development
kanakohdar@gmail.com | +91-9674061532 | [linkedin.com/in/kanak-ohdar-436467119](https://www.linkedin.com/in/kanak-ohdar-436467119)

PROFESSIONAL SUMMARY

PhD Research Scholar in Data Science with 12+ years of progressive experience in Artificial Intelligence, Machine Learning, Generative AI, Data Engineering, and Corporate Learning & Development. Delivered 1,500+ live training sessions and mentored 1,000+ professionals across industry and academic programs. Deep expertise in LLM Applications, Agentic AI, RAG, Prompt Engineering, and Databricks. Proven ability to design and deliver AI/ML capability development programs, support executive education initiatives, and drive learner engagement in technical upskilling environments.

CORE COMPETENCIES & TECHNICAL SKILLS

AI / ML: Machine Learning, Deep Learning, Neural Networks, Generative AI, Agentic AI, LLM Applications, RAG, Prompt Engineering, Computer Vision, Predictive Analytics, NLP

Data Engineering: ETL Pipelines, Data Integration, Apache Spark, Hadoop, Feature Engineering, Data Quality Assurance, Databricks

Programming & Tools: Python, SQL, R, TensorFlow, Scikit-Learn, Keras, Power BI, Tableau, AWS, Data Visualization

L&D / Training: Corporate Training, Executive Education, Curriculum Design, Technical Mentoring, Live Virtual Classrooms, Capstone Project Guidance, Certification Preparation

Research: Healthcare AI, Ensemble Transfer Learning, Explainable AI, Computer Vision, Statistical Analysis

PROFESSIONAL EXPERIENCE

KOANTEK | *Learning & Development Specialist*

2023 – Present

- Lead end-to-end AI, Data Science, and Databricks learning initiatives for enterprise clients and professional learners
- Design and deliver training programs covering Generative AI, LLM Applications, Agentic AI, and Machine Learning fundamentals
- Develop certification-focused learning journeys for Databricks and AI/ML professional certifications
- Support executive education programs by building AI/ML capability roadmaps aligned with organizational goals
- Create and curate technical content including courseware, labs, and assessments for live and self-paced delivery
- Facilitate live virtual classroom sessions and mentoring for data science and AI upskilling cohorts

EduBridge | *Data Analytics Trainer*

2022 – 2023

- Delivered comprehensive training programs in Data Analytics, Machine Learning, Python, SQL, and Power BI to 500+ professionals
- Designed curriculum modules and learning paths for data science certification programs
- Conducted live virtual classroom sessions, doubt resolution forums, and one-on-one mentoring
- Enabled learners to build job-ready skills through hands-on projects and real-world use cases

BYJU'S | *Coding Trainer*

2020 – 2022

- Conducted 1,200+ live interactive training sessions in Python, programming fundamentals, and coding concepts
- Mentored learners through hackathons, capstone projects, and competitive coding challenges
- Maintained high learner engagement and satisfaction through personalized feedback and adaptive instruction
- Supported learner progress tracking, doubt resolution, and certification preparation activities

Wipro Technologies | *Project Engineer – ETL*

2014 – 2018

- Designed and implemented end-to-end ETL pipelines and data integration workflows for enterprise systems

- Performed data quality assurance, testing, and performance optimization across large-scale datasets
- Collaborated with cross-functional teams to deliver data engineering solutions aligned with business requirements
- Developed automation scripts and documentation for repeatable ETL processes

EDUCATION

PhD Research Scholar – Data Science — BIT Mesra, Ranchi

In Progress

M.Tech – Information Technology — BIT Mesra, Ranchi

B.Tech – Electronics & Telecommunication — KIIT University, Bhubaneswar

PROFESSIONAL CERTIFICATIONS

- Databricks Certified Data Engineer Associate
- Databricks Certified Machine Learning Associate
- Databricks Certified Data Analyst Associate
- Python for Machine Learning
- SQL for Data Science

RESEARCH PUBLICATIONS

Research Focus: Healthcare AI | Multi-Species Malaria Classification | Ensemble Transfer Learning | Computer Vision | Explainable AI | Deep Learning
