PROFESSIONAL SUMMARY

Accomplished multi-doctoral IT professional with 19 years of hands-on experience across ERP, CRM, Data Science, Business Intelligence, Data Analytics, Business Analysis, Project Management, Financial Modelling, HR Management, ISO Quality Management, and Academic Leadership. Proven track record across APAC, EMEA, GCC (Bahrain, UAE, Saudi Arabia), UK, and USA. ISO Certified Internal Auditor (ISO 9001, 20000, 22301, 27001), Six Sigma Black Belt, Certified Scrum Master & Product Owner, 30+ professional certifications. Distinction holder throughout academics; multiple industry awards.

EDUCATION

MS & Doctor of Business Administration – Artificial Intelligence and Machine Learning (Ongoing)

Feb 2026 – May 2029

Walsh College, Michigan, USA

Specialization: Data Science, Artificial Intelligence and Machine Learning

Master of Business Administration – Healthcare and Business Analytics (Ongoing)

Jul 2026 – Jul 2028

Galgotias University, Noida, India

Core management subjects, Healthcare Quality, Operations, Health Communication, Ai for Business Management, Marketing Analytics, Business Intelligence, Data Visualization, Decision Modelling with Spreadsheet, Python and R Programming. Use of statistics and business modelling in Healthcare Utilizing Business Analytics.

Master of Science – Psychology (73%)

Jun 2023 – Jun 2025

Sunrise University, Alwar, India

Cognitive Psychology, Psycho Statistics, Behavioral Psychology, HRM, Clinical Psychology, Counselling and other Psychology subjects.

Jul 2021 – Feb 2025

Post Graduate Diploma in Cyber Law and Forensics (PGDCL) | Grade B+ | GPA 5.5/7.0

National Law School India University (NLSIU), Bangalore, India

Cloud Systems & Cyber Security – Cryptography, K-Algorithm methods, advanced biometric methods of Cyber Forensics.

Master of Science – Information Technology (82% | GPA 8.5)

Jan 2023 – Dec 2024

Mangalayatan University, Aligarh, India

Emerging technologies and advanced computing.

Doctorate in Management Studies – IT & Management | Grade A+ (79%)

Feb 2017 – Feb 2019

Xavier's Institute of Business Management Studies, New Delhi, India

Thesis: Impact of IT on Management Systems and Business Analysis. Electives: Business Administration, General Management, HRM and Organizational Behavior.

Professional Doctorate in Management – IT & Management | Grade A (65%)

Jul 2014 – Jul 2016

The Indian Institute of Business Management Studies, Mumbai, India

Thesis: Performance Enhancement System – ASAP Data Quality Assessment, Analytics, and Reporting. Electives: Business Administration, General Management, HRM and Organizational Behavior.

Masters of Business Administration | Grade B (63%)

May 2008 – May 2009

The Indian Institute of Business Management Studies, Mumbai, India

Specialization: Software Project Management & TQM. Electives: HRM and Organizational Behavior.

Bachelor of Engineering – Information Science & Technology (82%)
CMR Institute of Technology, Visvesvaraya Technological University, Bangalore, India

Sep 2001 – Jul 2005

Grade 12 – Science Group (86%)
St. Anne's Girls Pre-University College, Bangalore, India
 Physics, Chemistry, Mathematics, Biology.

Jun 2000 – Jun 2001

Grade 10 (85%)
St. Anne's Girls Convent, Bangalore, India

Jun 1998 – Jun 1999

PROFESSIONAL QUALIFICATIONS & CERTIFICATIONS

Certification - Technology

- General English Certification Test
- Business Communication English Certification Test
- Foundations of Business and Entrepreneurship
- Certified in Human Resource Management
- Certified in Accounting Principles GAAP
- Certification in Accredited Project Management
- Certified International Product Owner
- Certified in Data Analytics
- Power BI Certified
- Certified in Project Management
- Certified Scrum Master
- Certified Professional as Lean Project Manager [CPLPM]
- ISO 9001:2000 DNV Internal Auditor Certified
- ISO-IEC 20000 IT Service Management Associate Certified
- ISO-IEC 20000 Internal Auditor Certified
- ISO-IEC 27001 Internal Auditor Certified
- ISO/IEC 27001:2022 Information Security Associate Certified
- ISO-IEC 22301 Internal Auditor Certified
- ISO 9001:2015, 14001:2015, 45001:2018 – IMS Internal Auditing – QHSE/CPD Certified
- Six Sigma Green Belt Certified
- Six Sigma Black Belt Certified
- Tableau Desktop Certified – Certificate No. 166174
- ISO 17025 Documentation trained – Testing and Calibration Laboratory
- Certified Accredited Project Requirements Business Analyst [APRA]

AWARDS & RECOGNITION

- Living Fast Forward Award – Thomson Reuters
- Best Performer Award & Written Appreciation – ACS Xerox (appraisal score 4.5/5)
- Several written appreciations for best trainer at Techybees and Emerging Analytics

WORK EXPERIENCE

19+ years of relevant IT Technical and Implementation experience spanning ERP, CRM, MIS, Reporting, Data Science, Business Analysis, Data Visualization, Data Analytics, Project Management, Pre-Sales, and Business Intelligence. Clients from APAC, EMEA, and Americas regions. I have experience in both corporates and academic teaching/training.

STEM Instructor – AP/IB Higher Education

Bright Champs · USA

Mar 2026 – Present

- Teaching Harvard Publishers standard curriculum: Python, Java, C, C++, JavaScript, HTML, CSS, Mobile/Web/Standalone apps, Generative AI, Roblox, Scratch, Block Nocode Programming.
- Training AP, IB curriculum for Higher Education Grades.

Adjunct Faculty – Assistant Professor

ISBR Business School · Bangalore, India

Feb 2026 – Present

- Industry-specific mentorship in Data Science, Business Analytics, Product Management, Finance, HR, Operations, and Supply Chain & Logistics Management.
- Assisted in MBA/PGDM interview screening process for student admissions.
- Teaching Data Science, AI, ML and Business Analytics domains.
- Providing internship and dissertation support (May 2026 onwards).

IT Faculty – Data Analytics, Data Science, AI/ML & Cyber Security

Next Leap Education · UK

Jan 2026 – Present

- Teaching Data Analytics, Data Science, Deep Learning, Machine Learning, Neural Networks, NLP, Generative AI, Agentic AI, Narrow AI, and Advanced AI model development.
- Cyber Security training for UK university students and working professionals.

Adjunct Faculty – Professor (Computer Science, Business Management and Psychology)

Diraction Institute · Dubai, UAE

Aug 2025 – Present

- Teaching OTHM UK Qualification - Academic Writing & Research Skills, Software Engineering, IT Project Management and Tourism & Hospitality Operations Management.
- Trainer for Computer Science and Business Management students.

IT Trainer – Data Science, ML, SCRUM, DevOps, GenAI & Cyber Security

E-Staffing Inc. · Texas, USA; Ontario, Canada

Feb 2024 – Present

- Data Science, ML, SCRUM MASTER, PMP, DevOps, ITIL 4.0, Agile Practitioner, Advanced Excel, MS Office, Open Office Automation, Cyber Security, Generative AI, Product Owner, Business Intelligence.
- Teaching computer science, data science, Software Management and Software Development per USA and Canadian curriculum.

Senior IT Consultant Trainer – Business Intelligence & Data Science

Emerging India Analytics (Skillz Revo GCC) · UAE / Bahrain / KSA / GCC

Jul 2021 – Present

- Business Intelligence and Business Analysis Trainer and Consultant.
- Training and consulting in Power BI, Tableau and SQL Server Programming, Data Analytics and Data Visualization.

Professor/Chief Internal Quality Assurance (IQA) Assessor – ATHE, PEARSON & Other UK Qualifications

HN International · Bahrain, Saudi Arabia

Jul 2024 – Present

- Faculty training pertaining to UK Qualifications of ATHE Computing, Business, Quality and Health Care units.
- Assessments evaluator and Quality controller of Assessments.

ISO & Quality Management Consultant

V5Biz Solutions · Bahrain / Saudi Arabia

Jan 2022 – Present

- Responsible for ISO internal audits and process documentation.
- Certified Internal Auditor: ISO 9001, ISO 20000, ISO 22301, ISO 27001.
- QHSE ISO 9001:2015, 14001:2015, 45001:2018 – Integrated Management Systems.

Senior Faculty

Westford University College · Sharjah / Dubai, UAE

Nov 2023 – Apr 2025

- Teaching IT, Business Management, TQM, Project Management, Data Science, ML, Deep Learning, Data Analytics, Cyber Security, Cyber Law & Digital Forensics, Generative AI, Big Data, Statistical Modeling and Business Analytics.
- Taught for UCAM, Liverpool, Abertay, Canterbury Christ Church University and University of Gloucestershire.
- Research guide for MBA, MSc and DBA students in Data Analytics, Business Analytics, IT, Engineering Management, HR, Quality Management.
- Guided thesis of Computing, Engineering Management and Business dissertations.
- ITSM ISO 20000, ISM ISO 27001, Scrum, Agile (SAFe Framework) and Project Management tutor for CMI curriculum.
- Developed Specs, Assignment Briefs and module kits for UK and Scottish Qualifications.
- Taught HND UK qualifications Level 3–12 including DBA. Pearson BTEC qualifications.

IT/Computing Faculty – Project Management & Supply Chain Analytics

Western University · UAE

Oct 2023 – Mar 2024

- IT/Computing Faculty for Project Management and Supply Chain Analytics at Level 7 of UK qualification.
- Taught Level 3, 4, and 5 of varied UK curriculum.

Freelancer – Business Development

Digital Wordings Private Limited · Gulf Countries

Dec 2021 – Nov 2023

- Business Development activities; sourcing clients in the Gulf regions.
- Acquiring IT Development and Digitization projects and new business contacts across the Gulf.

Freelancer – IT Consultant

Hubroots Telecommunication and IT Company · Saudi Arabia / Bahrain

Mar 2023 – Nov 2023

- Responsible for client sourcing and digital marketing.

IT Faculty

University of Technology Bahrain · Bahrain (Onsite)

Oct 2022 – Dec 2022

- Taught computing subjects as a Part Time IT faculty.
- Exam invigilation, answer script correction and publication of marks.

Part Time Computer Programming Lecturer – IGNOU

Bahrain Academy – Indira Gandhi National Open University · Bahrain

Jan 2022 – May 2023

- Teaching all subjects of Bachelors of Computer Application (BCA) Graduation Course. IGNOU program and affiliation.
- 1st Semester Dec 2021–Feb 2022. Mar 2022–May 2023: continued BCA teaching on direct invoicing. Completed 1st to 4th Semester sessions.

External Consultant – IT and Financial Management

Keypoint Consulting WLL · Manama, Bahrain (Onsite)

Jun 2021 – May 2025

- Oracle EBS/Dynamics CRM – system study, gap analysis and process documentation for financial sector.
- Developed IFRS 9 based ECL models for Islamic banks and financial sectors in Bahrain.
- Statistical Quantitative Data/Business Analytics and Expected Credit Loss Validation.
- Stress Testing for popular banks in Bahrain. Credit Risk Modeling and ECL Validations.

Chief of Operations & Head of HR

Araaah Catering Services WLL · Manama, Bahrain (Onsite)

Oct 2019 – Feb 2021

- Start-up activities; complete HR lifecycle: Recruitment, Shared Services, Payroll, Time Management, Project Management, Performance Appraisal.
- Sales, Operations, Accounts, Promotional activities; LMRA, Gosi, SIO compliance.
- Software/hardware procurement, Office Administration, Employee Coordination, Team Formation.
- External and Internal Affairs of the business, generate sales.

Start-Up Consultant – Business Analyst & Strategist

Neukelp Innovation Technology Pvt. Ltd. · Bangalore, India

Jun 2019 – Sep 2019

- Strategic planning, business roadmaps, technology roadmaps, competitor analysis, marketing strategy, brand strategy, digital marketing.
- Usage of ML and AI in product advancement, product life cycle, product timeline management, visualization, investor analysis, pitch deck.

Software Consultant and Trainer

Skylight Academy – Ministry of MSME India · India

Jul 2018 – May 2019

- Develop and conduct training programs for software industry employees and post-graduate educational institutions.
- Training in Business Analytics, Scrum, and Data Analytics. Specializing in developing instructional software.

Business Analyst Consultant and Trainer

Techybees LLC · Nashua, USA (Bangalore)

Dec 2016 – Apr 2018

- BA End User, Business Communication, Product Development and Stakeholder Management trainer and BA Consultant.
- IIBA/PMI based Business Analysis and Process Modelling certification training for management, executive and software professionals.
- User training in Business Analysis, T-SQL, RDBMS, Data Warehouse, MS Office Automation, BI, Reporting and Data Visualization.
- Received several written appreciations for best trainer.

Training & Project Phoenix Consultant

Skylight Academy – Ministry of MSME India · India

Aug 2014 – Nov 2016

- Helped in all discussions of training, course modules, e-learning courses.
- Mar 2016–Nov 2016: Consultant for start-up India Project Phoenix under Mr. Ganesh Kumar Sreenivasan, Ex-Senior Manager, Thomson Reuters.

Technical Lead

Mindtree Limited · Bangalore, India

Feb 2015 – Oct 2015

- Was on bench, prepared PoC and helped with training and recruitment.

Financial Modelling and Automation Expert

Avesta Computers Pvt. Ltd. – Cisco Systems California (Contractor) · Bangalore, India

Aug 2013 – Jul 2014

- Headcount Management, PR/PO processing/tracking/closure, Budget/Allocation, Spend Bucket Creation, Allocation.
- Spend Analysis, Variance Analysis, Gap Analysis, Trend Analysis, Pricing Analytics and Cost Optimization of Quarterly Spend.

Data Operations Specialist

Pramati Technologies · Bangalore, India

Jan 2013 – Jul 2013

- Due to merger and acquisition of the organization, participated mostly in knowledge transfer.

Technical Lead

Symphony Corporation · Bangalore, India

Apr 2012 – Dec 2012

- Automated BMS Scorecard: data extraction, data cleansing, data mapping, chart generation (Excel and BI Tools), and auto placement of chart objects.

Analyst

HSBC Limited (London, UK – Bangalore) · Bangalore, India

Feb 2010 – Jan 2011

- Electronic Distribution of reports created by analysts was the primary role.
- Created automated tool for chart generation, data extraction, and uploading reports for publishing.

Analyst

Tesco HSC Limited (London, UK – Bangalore) · Bangalore, India

Feb 2009 – Feb 2010

- Analysis of data on statistical perspective: population-based deviation, variance computation, geographical location analysis, transportation, gender-wise analysis, goods commutation.
- Natural resources impact analysis for site selection for Tesco Store/Hyper Market. Also gained knowledge about fast fashion and supply chain management.

Market Analyst / Data Quality Specialist

Thomson Reuters Private Limited (London – Bangalore) · Bangalore, India

Aug 2006 – Jan 2009

- Pre-Sales documentation (RFP/RFI), data analysis and preparation of data to help sales specialists share Reuters' financial instruments data capabilities.
- Worked on creating a benchmark for various processes and metrics creation.
- Worked in all areas of DMAIC. Quality control in process and software development projects. Excellent knowledge of Minitab, MS Visio, MS Projects, Gantt Charts.
- Received Living Fast Forward Award – Thomson Reuters.

- CSR responsibilities for a VoIP process and Data Analysis using Excel VBA.
- Received Best Performer Award and written appreciation – ACS Xerox (appraisal score 4.5/5).

DOMAIN & TECHNICAL EXPERTISE

Domain Overview

- CRM – MS Dynamics 365 & CRM, Zoho ONE, Siebel
- ERP – Oracle EBS, NetSuite ERP, SAP ERP, Odoo
- BI Tools – Power BI, Tableau, QlikSense, Google Looker, SAP BO, MicroStrategy, Domo, Sisense, Amazon QuickSight, INFOR BIRST, DUNDAS BI, GOODDATA, SAP Lumira, Yellowfin, Datapine
- Data Science – Python, R/R Studio, SPSS, Minitab, KNIME, QlikView
- MS SQL Server 2005–2019, T-SQL, SSIS/SSRS/SSAS, MSBI, Data Warehousing
- Excel 2003–2019, VBA Macro, Open Office Automation, VB 6.0
- SharePoint 2007–2019, MS Visio, MS Project, Power Query, Power Pivot
- Six Sigma DMAIC (Black Belt & Green Belt), ISO Internal Auditing
- MIS Reporting and Visualization, HR Analytics, HRMS, HRIS
- PMO, Financial Planning & Analysis, Infrastructure Management
- Retail Analytics, Procurement/Logistics, FMCG/CPG
- Capital Market, Investment Banking (BFSI), Pre-Sales
- Healthcare & Pharma Benefits Management Analytics
- Google Analytics, Web Analytics, Digital Marketing Analytics, Email Marketing
- Project Management: Asana, MS Project, Odoo, Zoho, Monday.com, ClickUp

Customer Relationship Management (CRM)

Worked on customer data cleansing. Created various algorithms in Excel and SQL for analysing customer feedback and customer data analysis. Also worked on creating patterns from customer survey responses. Worked on Zoho CRM, Zoho Desk, and other Zoho products. Worked on Siebel for more than 1 year. Microsoft Dynamics CRM 2016, MS Dynamics 365, Dynamics 365 CRM.

Microsoft Dynamics 365 CRM

- Develop processes, implement effective workflow and embrace best practices.
- Develop and continue to refine CRM change management standards and tools.
- Provide technical documentation and facilitate training to administrators and end users.
- Conduct user training and create and maintain knowledge transfer documentation.
- Build CRM forms, screens, views, workflows and reports for the user interface.
- Be a member of the CRM development community affecting and driving efficiencies across the company.
- Provide redundancy and backup support for other team members.
- SQL Server – designing/deploying SSRS custom reports/dashboards with Dynamics CRM entities.
- Experience in SQL Server, TSQL, Views, Stored Procedures, and Database Design.

Enterprise Resource Planning (ERP)

Worked on Oracle ERP (Functional Consultant), SAP ERP – Business User Level, NetSuite ERP – Business User Level. Oracle ERP – Good knowledge of Oracle ERP 12.1.3 and 12.2 Architecture. Performed Gap Analysis and impact analysis for the present ERP systems and proposed technology changes. Worked on functional aspects of Oracle Financials, SCM, HR, Cash Management, Treasury, Fund Admin, Services modules.

Zoho One System

Worked on Zoho One, Zoho Analytics, Zoho CRM, Zoho Campaign, Zoho HR, Zoho Book & Zoho Desk. Integration of API for Zoho Voice, PBX, Trunk SIP procurement etc. Hands-on with Odoo softwares for accounts, HR and CRM.

Odoo ERP System

- Odoo Finance – Accounting, Invoicing, Expenses, Spreadsheet BI, Documents
- Odoo Human Resource (HR) – Employees, Recruitment, Time Off, Appraisals, Referrals, Fleet
- Odoo Sales – CRM, Sales, Point of Sales, Subscriptions, Rental, Amazon Connector
- Odoo Marketing – Social Marketing, Email Marketing, SMS Marketing, Events, Marketing Automation, Surveys
- Inventory & MRP – Inventory, Manufacturing, PLM, Purchase, Maintenance, Quality
- Services – Project, Timesheet, Field Service, Helpdesk, Planning, Appointments

HR Analytics / ITO Services / HRMS / HCM

Cost summary generation, FTE Count based analysis, Salary override computation, Client HW/SW Cost Computation, Transition Staffing Overhead Computation, Region wise staff distribution – count and salary calculation. Good knowledge of HR metrics: Recruitment, Retention, Performance Management, Compensation & Benefits, L&D, Workforce Management, and Organizational Effectiveness. Budget and Forecasting using Predictive/Visualization techniques. Thorough Bahrain LMRA, Gosi, Immigration, Labour Laws experience. Visa application and mobility hands on.

PMO / Financial Planning & Analysis / Infrastructure Management

Headcount Management, Budget/Allocation, Spend Bucket Creation, Allocation, Spend Analysis, Variance Analysis, Gap Analysis, Trend Analysis of Quarterly/Bi-Annual/Yearly Budget. Forecasting of Spend vs. Allocation. Reporting of Favourable (F) and Unfavourable (A) Variance. COGS and OPEX computation and analysis. Implemented full cycle of ECL Modelling as per IFRS 9 standards for a popular bank in Bahrain.

Core Accounting Experience

- Processing account receivables and incoming payments in compliance with financial policies and procedures.
- Performing day to day financial transactions: verifying, classifying, computing, posting and recording accounts receivables/payables data.
- Maintaining accounts receivable files and records.
- Producing monthly financial and management reports.
- Investigating and resolving any irregularities or inquiries.
- Reconcile the accounts receivable ledger to ensure all payments are properly posted.
- Verify discrepancies and resolve client's/vendor's billing issues.
- Facilitate payment of invoices due by sending bill reminders and contacting clients.
- Generate financial statements and reports detailing accounts receivable status.
- Purchase Invoice raising, pay-out, closure. Customer Invoice raising, pay-in, closure.
- Record all general transactions, journal entries.
- Reconciliate bank statement, full ledger entries cross-tallying, ledger-invoice reconciliation.
- VAT amount for paid-out, VAT returns preparation, filing VAT Returns.
- Balance Sheet, Income Statement, Profit and Loss Statement creation on monthly basis.
- Accrual report creation. Amortization and depreciation calculation.
- ESOPs details reporting and inclusion in the balance sheet. Computation of Dividend pay-outs.
- Payroll preparation and computation per the Bahrain salary norms.
- Indemnity computation and reporting. Customer aging reports on daily basis.
- Creation of new BOA (Book of Accounts) or CoA (Chart of Accounts).
- Regularize Ledger and Journal entries. Day to day bank transactions, AP/AR updations.
- Discrete/non-discrete expense computations and categorization.
- Tangible and Intangible assets classification and data entry.
- Documentation of accounting standards and internal process audits.
- Accounting process automations, data analytics and forecasting/budgeting.

Procurement and Logistics / FMCG / CPG

Worked on PR/PO processing/tracking/closure. Standard, blanket, contract, and planned procurement. Experience matching SAP Materials ERP system entries to the database. COGS/OPEX computation of procurement domain. AR and AP matching with invoices and receipts. Asset and resources-based procurement. Supply Quality Management and Returns pricing management for the ITO division. B2P (Buy to Pay), SQM – Supply Quality Management, Cost to Quality Analysis, Supply Chain Management (Goods Transit Analysis).

Retail Analytics

Space, Distribution, Site Research analysis for Malls, Convenience Stores, Fresh and Carry, Extra Stores. Geographical analysis, feasibility study, and budget forecasting. Assortment Analysis, Vendor Score carding, Omni Channel retailing, price markdown analysis, store location analysis, store operations, shrink analysis, vendor supply chain ranking, evolving customer profile and acquisitions, procurement and inventory management analysis, and market/customer segmentation and clustering. Created visualization for sales & profitability, product drill down, on-time shipment trends.

Capital Market and Investment Banking (BFSI) / Pre-Sales

Equities, Foreign Exchange (NYSE, LSE, BSE, NSE etc.), Fixed Income, Derivatives, Futures, Options, Warrants, BIDS, Fundamentals, Market Data, Time Series Data, Estimates. Stock performance calculation and modelling. Ratio Computation. What-If Analysis for Stock performance. Future and Option for commodities Market (Metal, Food, Energy and Oil). Reuters Code (RIC), Reference Data, DataScope Select, 3000 Xtra, PPPro, DataScope Equities, IDN, NDA, DataScope Fixed Income, Intraday Snaps, Thomson Reuters Knowledge. TRKD and OD Reports. Comparison of Reuters Data with Bloomberg Quotes. Data Mapping and Terms & Conditions for Equities, Fixed Income, Derivatives, Debentures and Warrants. Worked on pricing Equity, Fixed Income Bonds, and FX instruments. Pre-Sales documentation (RFP/RFI) for sales specialists.

Healthcare and Pharma Benefits Management Analytics

Worked on pharma benefits management and pharma transaction and medical history or stock analysis and forecasting.

Google Analytics / Web Analytics / Digital Marketing / Email Campaigns

Worked on web analytics/Online Sales leads. Reporting of Leads, page views, clicks, CTR, PPC, conversion of goals, conversion rate computation. Connected Tableau to Google Analytics for web page performance analysis and client reporting. Created email marketing campaigns using SendGrid and HTML coding.

Technical Skills Summary

NetSuite, Oracle EBS 12.1.3 & 12.2, SAP ERP, Excel 2003–2019, Tableau, QlikSense, Power BI, Power Pivot, Power Map, Power View, Power Query, Power BI Designer, MS Office 2003–2019, Office 365, MS Visio, Visual Paradigm, VBA, VB 6.0, VBA Macro Programming, Open Office Automation, T-SQL, MS SQL Server 2005/2012, MSBI, SSRS, SharePoint 2007–2019, Data Warehousing, MS Visio 2016, Pencil Wireframing, MS Project, Data Science, R, R Studio, SPSS, Python.

Data Science and Data Analytics

Worked on Tableau 2021.2, Power BI Desktop, Power BI Premium/Pro, R Studio, Python packages. Primarily worked on Credit Risk modelling in R Studio and Python. Knowledge of Bioinformatics and Data Science for molecular biology data cleansing and analysis. Thorough knowledge of SPSS: linear regression, binary logistic regression, correlation, parametric and non-parametric tests (chi square, t-tests, paired t-test, binary test, KS test, descriptive and inferential statistical analysis). ECL Model analysis using Gini and Lorenz Curve, Population Stability Index (PSI, HHI), Pluto-Tasche Method, Merton's model.

MIS Reporting and Visualization

Extensively worked on Excel and Access reporting. Created different types of visualizations using Excel. Created Tables, Forms, Reports, Sub Reports in Access. Created VBA code in Excel or Access to auto-populate data in forms. Written SQL queries in Access and created connection strings within Access VBA or Excel VBA to extract data from various data sources.

Tableau 8.0 to 2021.1 (Desktop, Server, Online, Reader)

Used Tableau for Data visualization. Created Sheets based on Connect Live Data/Feed All Data. Connected to Excel/Access/SQL Server/Greenplum Databases/Google Analytics. Created Forecasting, Trend Line, Scatter Plot, Regional Maps, Columnar, Line, TreeMap, Box Plot, and other charts using Tableau. Statistical data representation using different chart types.

Power BI Suite

Power Pivot, Power View, Power Query. Generation of Data Model, KPI, Calculated Fields (CF), Calculated Columns (CC) using Power Pivots. Creation of Canvas, Tiles, Charts, Filters, and Dashboards using Power View. DAX – Data Analysis Expression for CF and CC in Power Pivots. Slicer based Dashboard development. Power BI Designer (Office 365 Cloud), SharePoint 2013 Power Pivots, Power Views.

Google Looker

- Navigate the Looker interface to access data and functionality.
- Dimensions, measures, filters, pivots – the four core analytical concepts in Looker.
- Use dimensions to access data attributes; use measures to aggregate data attributes.
- Combine dimensions and measures for richer data analysis and visualization.
- Filter dimensions and measures to analyze a subset of the data.
- Looker dashboards and data delivery options for stakeholders.
- Create dashboards to visualize multiple aspects of a business topic or domain.
- Add new content to an existing dashboard; add filters for flexible analysis.
- Deliver data outside of Looker for other stakeholders or systems.
- Use folders in Looker to organize content for navigability and discoverability.

- Use pivots to restructure and group data.
- Table calculations and offset functions for new metrics instantaneously.
- Create and share boards to centralize content pertaining to one topic or theme.

Microsoft SQL Server Reporting Services (MS SSRS)

SSRS Report development and server configuration, report builder usage, creation of .rdl reports, deploying reports to the report server. Usage of grouping, drill down, matrix, charts, list view in the reports. Creation of reports using SSAS cubes and CTE for quicker execution. Worked on granting user permissions and creation of snapshots.

RDBMS / Data Warehouse Concepts

Worked on SQL Server 2005 to 2019 versions. Good at multi-line querying, stored procedures, Normalization, functions, views, indexes, and cursors. Connection string development in Visual Basic via OLEDB to various data sources. SQL programming and Intermediate Transact SQL programming on MS SQL SERVER 2005, 2008, and 2012. DML and DDL command usage. SSIS packages for ETL. Star Schema, Snowflake Schema, Measures, Dimensions, Types of Dimensions, and Facts; using cubes in Excel 2010/2013 for analysis, slicing, and dicing.

Excel and VBA 2003 – 2019

Advanced Excel Reporting, Advanced Excel Programming, Cost Model Development, Budgeting & Forecasting Model Development, Spend Analysis, Variance Analysis, Gap Analysis, Allocation and Budgeting, Procurement, Accounts Payable/Accounts Receivable computation and Modelling, PR/PO approval/processing/tracking and closure. Trend Analysis for Resource and Asset-based Spend. Reporting of Quarterly liability and adjustments for each sector of a company. Basics of statistics using Minitab.

Oracle EBS (eBusiness Suite)

Good knowledge of Oracle ERP 12.1.3 and 12.2 Architecture. Gap Analysis and impact analysis for present ERP systems. Worked on Oracle Financials, SCM, HR, Cash Management, Treasury, Fund Admin, Services modules. Fully implemented Oracle EBS and Dynamics CRM modules with full data migration from legacy systems. Developed custom financial and sales reports. Conducted Business Acceptance Testing. Developed User Guides and provided extensive end user training. Order to Cash process. Created custom forms, fields, lists and records.

NetSuite ERP

Worked with client's senior team and process owners during requirements gathering; generated process workflow diagrams and documented requirements. Generated custom solutions using data relationship and process flow diagrams for web and CRM applications. Created customized reports using saved searches. Lead to Customer process. Data migration via CSV imports. Integrated outside services: Amazon and Walmart APIs.

SAP ERP / SAP BO / SAP BI

Complete customer order management: creation of sales orders in SAP and follow-up with production planning for timely delivery. Prepared daily Stock Analysis for dispatch planning. Preparation of MIS with detailed analysis of different product forms. Monthly, quarterly, half-yearly and annual analysis of Application segment, product-wise and region-wise dispatches. Comparative study of dispatches and trend reporting for Senior Management. Order Status Management.

BUSINESS ANALYSIS SKILLS

Business Analysis Competencies

- | | | |
|---|---|--|
| ● Defining Requirements | ● Business Analysis in Project Environments | ● Earning Plan Approval |
| ● Impact of Requirement Changes on Analysis | ● Prioritizing Requirements | ● Developing the Business Architecture |
| ● Reviewing the Plan | ● Tracing Requirements | ● Organizational Assessment Techniques |
| ● Role of Questionnaires/Surveys | ● Managing Requirements Communications | ● The Five Whys |
| ● Analyzing Documents | ● Minimizing Requirements Conflicts | ● Fishbone Diagrams |
| ● Observation & Simulation | ● Defining Analysis Deliverables | ● Interrelationship Diagrams |
| ● Conducting Interviews | ● Determining Analysis Activities | ● Process Flows |
| ● Prototyping & Storyboarding | ● Sequencing Analysis Activities | ● Comparing Existing & Required Capabilities |
| ● Identifying Stakeholders | ● Assigning Responsibilities | ● Recommending Action |
| ● Grouping Stakeholders for Planning | ● Estimating Analysis Work | ● RACI Matrix |

- Compiling Results of Analysis
- Business Analysis & Requirements Management
- Contextualizing Analysis Plans
- Reviewing Plans with Stakeholders
- Gauging Option Feasibility
- Generating Business Case Study

Worked on Agile and Waterfall development methodologies. Participated in all phases of the project life cycle and SDLC. Hands-on with MS Visio, Pencil Wireframing, ReqView Requirement Management Tool, and User Storyboarding Softwares.

Six Sigma GB/BB Certified & ISO Certified Internal Auditing — Document Types

- Current State Analysis Document
- Project Vision Document
- Requirement Management Plan
- Solution Vision Document
- Business Requirements Document (BRD)
- Business Process Design Document
- Requirement Traceability Matrix (RTM)
- RACI Matrix
- Change Management
- Functional Requirement Specification (FRS/FSD)
- System Requirement Specification (SRS)
- System Requirement Document (SRD)
- Use Case Modelling (UML)
- Use Case Scenario / Use Case Diagram
- User Stories and Test Cases

ISO 9001:2015, 14001:2015, 45001:2018 – Integrated Management System. Certified in ISO internal auditing. Good working knowledge and hands on with ISO 20000-1:2018, ISO 22301:2019, ISO 27001.

Quality Assurance and Software Product Testing

Worked on Black box testing and Visual Basic white box testing. Created Test Strategy, Test Plan, set the test environment, successfully executed the test plan, created defect reports, analyzed the types of defects, and participated in bug fixing. Worked on both functional and non-functional testing (manual). Basic knowledge of core Java. Prepared UAT test scenarios and test cases. Mapped test cases to functional requirements using the RTM. Worked on Regression testing, system integration testing.

Project Management / Project Co-Ordination

Client interaction for requirement gathering, risk assessment, finalization of technical specifications. Develop functional specifications, technical specifications, resource allocations per budget and headcount management, team meetings/weekly synch up for individual projects. Worked on Asana, MS Project, Odoo Project, Odoo Timesheet, Zoho Project, Monday.com and ClickUp.

System Analysis / Solution Architecting

Co-ordinating System/Requirement Analysis for understanding client business processes and mapping them to required framework standards. Suggesting appropriate technology-based solutions for enhancing functional efficiency. Process Mapping, Process Re-Engineering, Process Analysis, Process Improvement and Control through Six Sigma.

Total Quality Management and Process/Software Quality Management

Worked in all areas of DMAIC. Quality control in process and software development projects. Excellent knowledge of Minitab, MS Visio 2016, MS Projects 2016, Gantt Charts in Excel. Worked on creating benchmarks for various processes, metric creation, and assigning weights. Implemented SPC and created various control limit charts. Hands-on creating: project charter, SIPOC, Swimlane Process Map, Tree Diagram, Data Collection check sheet, Measurement Definition, Value Stream Map, Process Analysis, Data Analysis, Cause & Effect Diagram, Impact Effort Matrix, Weighted Criteria Matrix, To-Be Process Maps, FMEA, Control Plan, Response Plan, Control Charts, ISO standard Documentation, RACI Matrix.

ISO Implementation and Internal Auditing

ISO 9001:2015, 14001:2015, 45001:2018 – Integrated Management System. Trained in internal auditing. Good working knowledge of ISO 20000-1:2018, ISO 22301:2019, ISO 27001. ISO 17025 – Calibration of Equipment and Laboratory Procedures. Equipment Acknowledgement, preparing certificates, calibration data sheets, tax invoices, receipts, job orders, LMS Software usage, Delivery Note generation, Sales tracker entries. British Standards and American Standards for materials (ASTM/BS). Test quotation creation. Assigning tests to Asphalt, Metals, Chemical, Soil, Concrete, Cube labs. Understanding of NDT tests, Microbiology tests, Radiation tests. Food Safety Standards 22000, HACCP, controls of ISO 27001 – ISMS.

CONFERENCES, SEMINARS & TRAININGS ATTENDED

- DAV ISO Internal Auditor Training
- Data Analytics Webinar
- Business Analytics Webinar
- Artificial Intelligence Webinar
- SAS Implementation Webinar
- SPSS Training
- Statistical Analysis using R Programming and Python Webinar
- .Net Development Training
- SharePoint Development and Business User Training
- SQL Server 2012 Training
- Oracle SQL Development Training
- Web Development using ASP.NET Training
- MSBI (SSIS, SSRS, SSAS) Webinar
- Six Sigma Green Belt, 5S, Kanban Training and Webinar
- Project Management Webinar
- Scrum Master and Product Owner Webinars
- Agile Implementation Webinar
- ISO Certification Online Trainings
- Odoo Online Training
- Tableau Conference and Webinars
- Zoho One Training and Webinars
- IoT, Deep Learning Webinars
- Data Science for Credit Risk Modeling with Machine Learning – Training and Webinars
- Oracle NetSuite ERP – Training and Webinars
- Capital Markets – Training in all areas
- C, C++, Java – Training
- Unix/Linux – Training

AREAS OF STUDY & SUBJECTS TAUGHT

IT / Computer Science Subjects

- Data Science, Machine Learning, Deep Learning, Generative AI
- SAFe Agile Framework
- Cyber Law and Forensics
- AWS QuickSight, Azure Synapse Analytics
- Computer Basics and PC Software
- Discrete Mathematics
- Mathematics 1, 2 of Computer Science Engineering
- Computer Basics Lab
- Problem Solving and Programming
- Computer Organization
- Assembly Language Programming
- Communication Skills
- C Language
- Microprocessor 8085, 8086 Lab
- Data and File Structures
- Introduction to Database Management System
- System Analysis and Design
- Programming in C++
- C++ Programming Lab
- Data and File Structures Lab
- Database Management System Lab
- Research Methodologies
- Quantitative Techniques
- Advanced Excel
- Excel VBA Programming
- Object Oriented Programming
- Core Java Programming
- Javascript Programming
- Computer Networks
- Introduction to Algorithm Design
- Internet Concepts and Web Design
- Java Programming Lab
- Statistical Techniques Lab
- Algorithm Design Lab
- Introduction to Software Engineering
- Network Programming and Administration
- Web Programming (.Net/PHP)
- Computer Oriented Numerical Techniques
- Python Lab
- Computer Oriented Numerical Techniques Lab
- E-Commerce
- Operation Systems Theory
- Operating Systems Lab
- Unix/Linux
- IT Infrastructure
- Software Project Management
- Business Information Systems
- Technopreneurship
- Tableau Business Intelligence
- Power BI Business Intelligence
- SQL Server – Transact SQL
- Oracle – PL/SQL
- MS Visio
- MS Project
- MS Office Suite
- Problem-Solving through Programming
- Computer Programming Laboratory
- Professional Writing Skills in English
- Innovation and Design Thinking
- Ability Enhancement Course
- Mathematical Foundations for Computing
- Design and Analysis of Algorithms
- Biology For Engineers (Bioinformatics)
- Management, Entrepreneurship for IT Industry
- Finite Automata Theory and Computability (FAFL)
- Software Testing
- Software Testing Laboratory
- Software Quality Assurance
- Mobile Programming
- Artificial Intelligence and Machine Learning
- Big Data Analytics (HDFS, Hadoop, Hive, MapReduce)
- Data Mining and Data Warehousing
- Dimensional Modeling
- Cloud Computing and its Applications
- Information Management System
- Introduction to Data Analytics
- Robotic Process Automation Design & Development
- Software Architecture and Design Patterns
- High Performance Computing
- Advanced Computer Architectures
- User Interface Design (UX)
- Fundamental Natural Language Processing (Numpy)
- Cryptography
- Software Disasters Management
- Numerical Methods and Applications
- Optimization Techniques
- NoSQL Database
- Storage Area Networks
- Multicore Architecture and Programming
- Cryptography, Network Security
- Internet of Things
- Web Technology and its Applications
- Mathematical Foundation for Computer Applications
- Research Methodology & IPR
- Distributed Operating System
- Block Chain Technology
- Digital Marketing
- Data Visualization
- Business Analysis
- Advanced Data Analysis
- Business Reporting Techniques
- Business Intelligence Cloud Computing (Amazon QuickSight)
- Data Science and Statistical Modeling
- Psychostatistics
- Psychometry
- Supply Chain Management – Risk and Resilience
- Supply Chain and Logistics – Data Analytics
- Cyber Network Architecture, Security and Administration
- Cyber Security, Cryptography, and Forensics – Programming Languages and Lab practices
- Lean Project Management, ISO Internal Auditor (QMS 9001:2015, 20000, 22301, 27001)

- Network Programming and Administration Lab
- Web Programming Lab
- Supply Chain Management
- ERP – Enterprise Resource Planning (In-Depth Study of various modules)
- Credit Risk Modeling – Gini, Population Stability Index, Banking data analysis for ECL modeling
- Programming using C#.net
- Advanced Python Development using varied packages
- Scratch, Thunkable, Roblox, Minecraft, Edublocks, and other block based coding
- Neural Network, Deep Learning advanced model development
- Narrow AI, Agentic AI

Management Subjects Specialized

- Human Resource Management
- Quantitative Techniques
- General Management Practices
- Business Laws
- International Business
- Marketing Management
- Digital Marketing/Campaign Management
- Brand Management
- Operations Management
- Personnel Management
- Labour Laws
- Employee Performance Appraisal
- Business Administration/Management
- Business Information Systems
- Management Information Systems
- Organizational Behaviour
- Consumer Behaviour
- Principle & Practice of Management
- Business Communication
- Software Project Management
- Total Quality Management
- Research Methodology
- IT for Management
- Fundamental Finance for Management
- Business Planning and Policy
- Business Analysis
- Research Guidance for Doctorate and Master's Dissertation Thesis
- Tourism and Hospitality Operations Management
- Supply Chain and Logistics

Psychology Subjects Specialized

#	Domain	Key Topics
1	Foundations & Core Psychology	Research methods, psychometry, cognition, learning
2	Cognitive Psychology	Decision making, memory models, cognitive biases
3	Developmental Psychology	Child psychology, lifespan, Piaget, Erikson, attachment
4	Clinical & Abnormal Psychology	DSM-5, anxiety, mood disorders, trauma, PTSD, schizophrenia
5	Counselling & Therapeutic Approaches	CBT, DBT, ACT, psychodynamic, humanistic, marital, grief
6	Social Psychology	Conformity, prejudice, group dynamics, cross-cultural
7	Industrial & Organizational (I/O) Psychology	I/O internship, motivation, leadership, OB, ergonomics
8	Health & Positive Psychology	Stress, resilience, well-being, mindfulness, EQ
9	Personality Psychology	Big Five, Freud, Jung, MBTI, self-concept
10	Neuropsychology & Biopsychology	Brain functions, neurotransmitters, psychopharmacology
11	Educational Psychology	Learning theories, SEN, Vygotsky, assessment
12	Forensic & Criminal Psychology	Profiling, eyewitness memory, risk assessment, juvenile
13	Community, Cultural & Environmental Psychology	Gender, LGBTQ+, multicultural competencies, social justice
14	Research Methods, Ethics & Psychometry	SPSS, ethics, SEM, reliability & validity, test construction
15	Sports, Coaching & Positive Psychology	Peak performance, flow, resilience, imagery, character strengths
16	Child and Adolescent Psychology	Managing variations of Behaviour in Child and Adolescent.
17	Drug and Alcohol Addiction Counselling	Behaviour and addiction pattern study.
18	Relaxation Therapy	Relaxation Therapy
19	Relationship and Marriage Counselling	Helping solve legal conflicts and consequences in personal life

CERTIFICATIONS – PSYCHOLOGY & COUNSELLING – INDIAN COUNSELLING SERVICES [ICS] – Dec 2025 TO JULY 2026

- Industrial and Organizational Psychology Internship
- Addiction Counselling
- Relaxation Therapy
- Relationship and Marital Counselling
- Clinical Psychology Practical Internship
- Cognitive Behavioral Therapy [CBT]
