PROFESSIONAL SUMMARY

Results-oriented Full Stack Developer with 4+ years of experience in designing, developing, and maintaining scalable web applications and enterprise solutions. Skilled in frontend and backend development, REST API integrations, database optimization, and modern JavaScript frameworks. Experienced in agile development environments, collaborating with cross-functional teams, and delivering business-focused software solutions. Currently pursuing M.Tech in Computer Science Engineering while working as a Senior Software Developer.

TECHNICAL SKILLS

- **Programming Languages:** C++, Python, JavaScript, PHP, SQL, C
- **Frontend Technologies:** React.js, Vue.js, HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery
- **Backend Technologies:** PHP, CodeIgniter, Laravel, Node.js, REST APIs
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, Postman, Apache, VS Code, XAMPP, WordPress
- **Core Competencies:** Full Stack Development, API Integration, Database Optimization, SDLC, Problem Solving

PROFESSIONAL EXPERIENCE

Senior Software Developer | TourBizz Qatar | Feb 2025 – Present | Remote

- Developing and maintaining scalable travel and tourism web applications with optimized frontend and backend architectures.
- Designing and implementing RESTful APIs, third-party integrations, booking systems, and payment gateway solutions.
- Building responsive and reusable frontend components using React.js and Vue.js.
- Enhancing backend performance and database efficiency using PHP, CodeIgniter, and MySQL.
- Troubleshooting production-level issues and implementing performance optimization strategies.

Software Engineer | TourHQ.com | May 2023 – Dec 2024 | Delhi, India

- Developed and maintained travel management platforms serving international users and vendors.
- Implemented API-based integrations for booking workflows, customer operations, and external travel services.
- Designed modular frontend components and backend services for scalable business applications.
- Optimized SQL queries and improved application performance for high-traffic workflows.
- Participated in agile development cycles including feature planning, testing, debugging, and deployment.

PHP Developer | The NorthCap University | Aug 2021 – May 2023

- Led redevelopment and maintenance activities for the university's official web platforms.
- Developed responsive user interfaces and backend modules for dynamic content management systems.
- Improved SEO performance, website responsiveness, and system reliability.

Software Developer Intern | Lyriclious – EdTech & IT Services | Oct 2020 – Aug 2021

- Assisted in the development of full stack web applications and internal management systems.
- Built responsive frontend interfaces and integrated backend functionalities with MySQL databases.

- Worked on debugging, testing, feature implementation, and performance improvements.

TECHNICAL PROJECTS

Enterprise Travel Booking & Management System

- Developed a scalable full stack travel management platform with customer booking workflows and vendor operations.
- Implemented secure REST API integrations for third-party travel services and payment gateways.
- Designed optimized database schemas and backend services to improve scalability and response time.
- Built reusable frontend components and responsive dashboards for enhanced user experience.

Technologies: Node.js, Express.js, React.js, MongoDB, REST APIs, JavaScript

Full Stack E-Commerce Platform

- Designed and developed a responsive e-commerce application with secure authentication and role-based access control.
- Implemented shopping cart functionality, order management workflows, and inventory management features.
- Integrated backend APIs and optimized database operations for efficient transaction processing.

Technologies: React.js, PHP, CodeIgniter, JavaScript, MySQL, Bootstrap, REST APIs

Developer Portfolio Application

- Built a modern portfolio web application showcasing projects, technical expertise, and professional experience.
- Implemented responsive UI architecture and performance optimization techniques.

Technologies: React.js, Tailwind CSS, JavaScript

EDUCATION

M.Tech in Computer Science Engineering	Maharishi University of Information Technology	Expected June 2027
B.Tech in Computer Science Engineering	Rajkiya Engineering College Sonbhadra	CGPA: 8.1/10
Intermediate (PCM with Computer Science)	Rani Laxmibai Memorial School	78%

ACHIEVEMENTS

- Qualified JEE Main Examination.
- Selected for Super 30, Patna.
- Achieved notable performance in NCFE NFLAT.
